Caring for Populations Living at Risk: Collaboration, Creativity and Compassion

Patti Melanson

Nurse Team Leader, Mobile Outreach Street Health

Dr. Christy Simpson

Department Head and Associate Professor, Department of Bioethics, Dalhousie University
Coordinator, Ethics Collaborations, Nova Scotia Health Ethics Network

Overview

Setting the stage

- What is MOSH?
- What about the ethics of risk?

Case discussion

- Taking a closer look – what's at issue?

Wrapping Up...

What is Mobile Outreach Street Health?

MOSH provides accessible primary health care services to people who are homeless, insecurely housed, street involved and underserved in our community. The MOSH team is a collaborative primary health team of full-time nurses, a part-time occupational therapist, support from physicians from the North End Community Health Centre, and part-time administrative support.

“At Risk”

Who defines risk?

- Society
- Individuals

“At Risk”

Who defines risk?

- Implications for practice
- Questions/issues about how to manage and address different types of “risk”

“At Risk”

Ethics of risk?

- Discussions about, for example:
 - What “barrier-free” access to care means
 - What expectations exist with respect to (not) sharing information

“At Risk”

Ethics of risk?

- Discussions highlighted:
 - Role of values in relation to risk
 - Questions about balancing the relevant values and considerations, both individually and as a team

“At Risk”

Ethics of risk?

- Discussions highlighted:
 - Importance of considering one’s role vis-à-vis patient/client, team and profession
 - Importance of attending closely to risks within and to relationships

Case #2

Case #4

Wrapping Up

Consider...

- What are the pressures that guide your decision-making, especially with respect to risk?
- Which of these pressures are under your control?

Wrapping Up

Consider...

- What are you trying to balance?
 - Values, emotional reaction, judgement...
 - For yourself
 - For your patient/client
 - For your relationships

Wrapping Up

Consider...

- When you go back to work, how can you talk about risk in an expanded way?
- Are there opportunities to reflect and reconsider risk(s) that you can create?

NOVA SCOTIA

Justice

COMMUNITY SAFETY ORDER

The Public Safety Investigation Section, Nova Scotia Department of Justice, has received a complaint in respect to this property.

14 VICTORIA ROAD

This complaint was made under *The Safer Communities and Neighbourhoods Act* regarding habitual activities relating to offences of:

DRUG / PROSTITUTION ACTIVITY

which has adversely affected the safety and security of this neighbourhood.

The Public Safety Investigation Section has conducted an investigation of this complaint and a Community Safety Order has been issued by the Nova Scotia Superior Court.

PLEASE CONTACT THE PUBLIC SAFETY INVESTIGATION SECTION AT 1-877-357-2337 IF THESE ACTIVITIES CONTINUE, OR IF YOU HAVE ANY QUESTIONS REGARDING THIS MATTER.

Issued by *[Signature]*
Director of Public Safety Investigation Section

Pressure vs. Balance
